

Lifting a Boil Water Advisory

Boil Water Advisory to Consumers of The City of Covington LIFTED

As of April 6, 2026, the Boil Water Advisory has been lifted for homes in The Water Treatment Plant of the City of Covington.

The Boil Water Advisory was issued on March 26, 2026, after service interruption and loss of water pressure to customers of The City of Covington Water Treatment Plant.

A series of bacteriological samples were collected and sent to a state certified lab. All samples collected on April 1st & 2nd were absent of both total coliform and *E. coli* bacteria in the area where the Boil Water Advisory is currently being lifted.

Following flushing the service line and premise plumbing, residents can safely resume normal use of their tap water.

For more information, please contact The City of Covington Public Works Department.
