Spring Mowing: March – June: Mow height 2.5” Mow schedule shall be on 5 -7 day intervals
Summer Mowing: July – August: Mow height 3.0” Mow schedule shall be on 7 – 10 day intervals
Fall Mowing: September – November: Mow height 2.5” Mow schedule shall be on 5 – 7 day intervals

Weather conditions will affect mow schedules. An extremely wet season may require additional cuts, while an extended drought season may limit the number of cuts. Late fall mowing will continue as long as turf plants are actively growing. Change in mow schedules will be coordinated with the Public Works Department. Priorities will require trimming and all debris removed from sidewalks and highway areas. Do not blow grass clippings into landscape plantings. It will be required to keep mower blades sharp and maintain proper mow heights. Where applicable alternate mow patterns will be expected with each mowing. A site visit can be scheduled by contacting Robert Howard at (540) 965-6321. Provide a cost for each property listed. This bid may be considered as a whole, partial, or eliminated for consideration. The successful bidder may also be given other miscellaneous mowing projects as needed by the City. The selected contractor will be required to provide proof of insurance and a business license.

For safety purposes, the successful bidder must use “MOWING AHEAD” signs from each direction of travel and wear safety vests when mowing or weed eating.
